EPSBUILDINGS.COM

Built for Horsing Around

EPS is the respected leader in the fast and efficient construction of equestrian buildings. We will design a unique combination of features to create a special barn, stable or riding arena.

Functional

Advanced solid core panels and post-frame construction provide:

- Exceptional insulation
- Long life durability
- Economical construction
- Strength and safety features
- Cost-efficient operations

Flexible

Your new building can provide any range of custom designs:

- A large clear-span riding arena
- Truck and trailer storage
- Office or living quarters
- Comfortable horse stalls

Comfortable

Panel and post frame construction provide horse comfort, safety, durability and good looks.

We manufacture the roof trusses, roof and wall panels, floor trusses and provide a completely engineered and guaranteed building—for your horses and your family!

Simply Better Buildings!

That's what we've been doing since 1981. We will assist you in all areas of your building project providing complete design, engineering and manufacturing of a building custom designed to fit your needs.

From equestrian buildings, to:

- Shops & Storage
- New Homes
- Shouse
- Retail and Office
- Your Custom Design
